SUMMARY

Early-career Data Scientist with four years of experience analyzing membership data using Power BI, managing SQL and web servers for e-commerce, and bridging the gap between stakeholders and technology. Skilled in translating needs into data-driven solutions through effective data transformation and visualization.

SKILLS

Programming: Python, PostgreSQL, DAX, R

Libraries: Pandas, Seaborn, Matplotlib, dplyr, ggplot2

Tools: Power BI, Anaconda, Docker, Excel, Raiser's Edge, Google Suite

Certifications:

- Microsoft Certified: Power BI Data Analyst Associate (2024-2025)
- Blackbaud Certified in Raiser's Edge CRM
- DataCamp Data Analyst with Power BI
- DataCamp Data Analyst with R

EXPERIENCE

United Women in Faith

IT Systems Manager

May 2020 - February 2024 | New York, NY

- Designed Power BI dashboards to visualize membership insights, using DAX and Power Query for data transformation.
- Troubleshoot and resolved e-commerce order issues using SQL, identifying and resending unprocessed orders via LEFT JOIN.
- Led cross-departmental projects to centralize data, streamline workflows, and improve organizational efficiency.
- Delivered ad hoc data analysis reports for event participation and donor contributions.

College Advancement

CRM and Database Fellow

November 2016 – June 2018 | Olympia, WA

- Built dashboards to track fundraising and donor engagement.
- Maintained Raiser's Edge CRM for accurate donor record management.
- Enhanced donor stewardship strategies, increasing alumni participation.
- Automated workflows in Raiser's Edge using third-party tools.

Thurston County Auditor's Office

Thurston Votes Intern

February 2015 – June 2016 | Olympia, WA

- Developed a cross-platform voting application using Meteor Framework.
- Enhanced accessibility to voting documents using HTML5.

EDUCATION

Evergreen State College

June 2017

B.A.

Olympia, WA
